PS Did you know you can now get the best of the 3 totes/SP on all Australian gallops races every day of the week? More at <http://www.capitalinfo.com.au/ladbroses.php>

## RULE EXPLANATIONS

Most systems have a Day of the week rule where 1 refers to Sunday through to 7 for Saturday.

In the Venue rule, S refers to Sydney, M to Melbourne, B to Brisbane, A to Adelaide and W to Perth (lower case letters refer to provincials in the same State as the capital). N refers to New Zealand, H to Hong Kong and X to anything left over (including country tracks but you can also use lower case x to pick country tracks by themselves). Some systems use an asterisk followed by a number of 3 letter track name abbreviations.

Some systems use ratings. For example, the "Predicted Posn Rank" rule indicates the position the horse is required to finish in the Base Ratings. BR\$1 in a system name requires the horse to be top in the Better Ratings and PR\$1 in a system name requires the horse to be top in the Plus Ratings. You can view these three ratings and full form guides (including average prize money, win % and place % rankings) for all upcoming Australian TAB meetings (plus New Zealand and Hong Kong) for just \$65 a month.

## SPECIAL OFFER

If you pay \$65 a month for form downloads, I will give you a free copy of my \$450 Bet Selector Gold program in which you can:

1. Download meetings back to January 2020
2. Download TAB results for all meetings
3. Download all the systems in this document without having to key them in
4. Test these and other systems over past and upcoming meetings

Note you can keep the program and data even in you cancel the download payments (which you can do at any time) .
